SOCIAL SERVICES

Children receiving Aid to Children in Foster Care provided through County Departments of Pensions and Security numbered 2,542 for the month of July. The maximum board payment from the Department is $ 135.00 per month. The average board payment per month may be less than the maximum because some children's board payment is made totally or partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

2/ Average Specialized Foster Care Service Fee Payment computed on basis of data omitting children who did not receive specialized service fees.

SOCIAL SERVICES

Children receiving Aid to Children in Foster Care provided through County Departments of Pensions and Security numbered 2,565 for the month of August. The maximum board payment from the Department is $135.00 per month. The average board payment per month may be less than the maximum because some children's board payment is made totally or partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

The Individual and Family Grant (IFG) may include an immediate check for Limited Home Repair (LHR) to enable families to remain in their own homes and later a regular IFG check to meet necessary expenses and serious needs related to permanent recovery.

IFG is administered following a Presidentially declared disaster and the total grant for IFG including LHR cannot exceed $5,000.00. The program is administered for the State Civil Defense Department as a part of the State disaster response.

* In addition, Re: Administrative Letter 4696, a one time special service payment of $302,770.00 for 1,501 children with an average of $201.71 per child was paid for children in foster care in August 1981. A county analysis of this data is available upon request.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ Average Specialized Foster Care Service Fee Payment computed on basis of data omitting children who did not receive specialized service fees.

SOCIAL SERVICES

Children receiving Aid to Children in Foster Care provided through County Departments of Pensions and Security numbered 2,491 for the month of September. The maximum board payment from the Department is $135.00 per month. The average board payment per month may be less than the maximum because some children's board payment is made totally or partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

* In addition, Re: Administrative Letter 4696, a one time special service payment of $511,255.00 for 2,536 children with an average of $201.60 per child was paid for children in foster care in August 1981. A county analysis of this data is available upon request.

1/ Excludes payments from private funds.

2/ Averages are not representative in some counties as children were sometimes in boarding homes for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

3/ Average board payment computed on basis of data omitting 399 children whose total board payments were made from private funds. Specialized Foster Care Service Fees were paid for these children.

4/ Average Specialized Foster Care Service Fee payment computed on basis of data omitting children who did not receive specialized service fees.

WARDS UNDER CARE OF STATE DEPARTMENT OF PENSIONS AND SECURITY

Through the Division of Foster Home Care of the Bureau of Family and Children's Services, the State Department was at the end of September, acting as legal custodian to 629 children who were under its direct care. These children who were placed in either free or boarding homes have been received from counties on a temporary or permanent basis as the situation warranted. Homes providing foster care for children are required to meet standards prescribed by the State Board of Pensions and Security.

The Individual and Family Grant (IFG) may include an immediate check for Limited Home Repair (LHR) to enable families to remain in their own homes and later a regular IFG check to meet necessary expenses and serious needs related to permanent recovery.

IFG is administered following a Presidentially declared disaster and the total grant for IFG including LHR cannot exceed $5,000.00. The program is administered for the State Civil Defense Department as a part of the State disaster response.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ Average Specialized Foster Care Service Fee Payment computed on basis of 121 children who received specialized service fees.

SOCIAL SERVICES

Children receiving Aid to Children in Foster Care provided through the Department of Pensions and Security numbered 2,547 for the month of October. The maximum board payment from the Department is based on the age of the child - children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some children's board payment is made totally or partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ Average Specialized Foster Care Service Fee computed on basis of 117 children who received specialized service fees.

SOCIAL SERVICES

Children receiving Aid to Children in Foster Care provided through the Department of Pensions and Security numbered 2,606 for the month of November. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some children's board payment is made totally or partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ Average Specialized Foster Care Service Fee computed on basis of 118 children who received specialized service fees.

SOCIAL SERVICES

Children receiving Aid to Children in Foster Care provided through the Department of Pensions and Security numbered 2,637 for the month of December. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some children's board payment is made totally or partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

In addition to providing social services and coordinating welfare activities in an emergency, Pensions and Security also administers the Individual and Family Grant Program. The Individual and Family Grant (IFG) may include an immediate check for Limited Home Repair (LHR) to enable families to remain in their own homes and later a regular IFG check to meet necessary expenses and serious needs related to permanent recovery.

IFG is administered following a Presidentially declared disaster and the total grant for IFG including LHR cannot exceed $5,000.00. The program is administered for the State Civil Defense Department as a part of the State disaster response.

SOCIAL SERVICES

Children receiving payment from the Aid to Dependent Children - Foster Care program provided through County Departments of Pensions and Security numbered 1,545 for January. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some children's board payment is made totally or partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

2/ Averages are not representative in some counties as children were sometimes in boarding homes for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

3/ Average board payment computed on basis of data omitting 420 children whose total board payments were made from private funds. Specialized Foster Care Service Fees were paid for these children.

4/ Average Specialized Foster Care Service Fee computed on basis of 291 children who received specialized service fees.

5/ Includes children under State supervision.

The Individual and Family Grant (IFG) may include an immediate check for Limited Home Repair (LHR) to enable families to remain in their own homes and later a regular IFG check to meet necessary expenses and serious needs related to permanent recovery.

IFG is administered following a Presidentially declared disaster and the total grant for IFG including LHR cannot exceed $5,000.00. The program is administered for the State Civil Defense Department as a part of the State disaster response.

Children receiving payment from the Aid to Dependent Children - Foster Care program provided through County Departments of Pensions and Security numbered 1,557 for February. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

SPECIAL ASSISTANCE

Table 7. INDIVIDUAL AND FAMILY GRANTS

In addition to providing social services and coordinating welfare activities in an emergency, Pensions and Security also administers the Individual and Family Grant Program. The Individual and Family Grant (IFG) may include an immediate check for Limited Home Repair (LHR) to enable families to remain in their own homes and later a regular IFG check to meet necessary expenses and serious needs related to permanent recovery.

IFG is administered following a Presidentially declared disaster and the total grant for IFG including LHR cannot exceed $5,000.00. The program is administered for the State Civil Defense Department as a part of the State disaster response.

Children receiving payment from the Aid to Dependent Children - Foster Care program provided through County Departments of Pensions and Security numbered 1,550 for March. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ In addition, there were 8 children in foster care for whom neither board payment nor specialized service fee was made.

* In addition to other payments, Re: Administrative Letters 4696a and 4696b, a one time special service payment of $6,930.00 for 33 children with an average of $210.00 per child was made for children in foster care in August 1981 who were omitted from the one time special service payment made in September 1981. A county analysis of this data is available upon request.

SOCIAL SERVICES

Children receiving payment from the Aid to Children in Foster Care program provided through County Departments of Pensions and Security number 2,449 for March. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

SOCIAL SERVICES

Children receiving payment from the Aid to Dependent Children - Foster Care program provided through County Departments of Pensions and Security numbered 1,556 for April. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ In addition, there were 7 children in foster care for whom neither board payment nor specialized service fee was made.

3/ Includes children under State supervision.

4/ In addition, there were 305 children in foster care for whom neither board payment nor specialized service fee was made.

Children receiving payment from the Aid to Dependent Children - Foster Care program provided through County Departments of Pensions and Security numbered 1,554 for May. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

Children receiving payment from the Aid to Dependent Children - Foster Care program provided through County Departments of Pensions and Security numbered 1,544 for June. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

SOCIAL SERVICES

Children receiving payment from the Aid to Dependent Children - Foster Care program provided through County Departments of Pensions and Security numbered 1,527 for July. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ In addition, there were 7 children in foster care for whom neither board payment nor specialized service fee was made.

SOCIAL SERVICES

Children receiving payment from the Aid to Children in Foster Care program provided through County Departments of Pensions and Security numbered 2,511 for the month of July. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.
